

AND DISCOVER THE PAST!

2026 LEDGER

Program runs from June 1 to August 8

WELCOME TO

Thank you for joining us for the 2nd year of **Get Outdoors (GO) Union!** This summer program, brought to you each year by **WellSpan Health** and **The Union County Library System**, encourages children and their families to get outdoors and get moving as they explore Union County. This year's theme — **GO and Discover the Past!** — will give you

fun ways to learn about tools used to dig up ancient treasures, industries that shaped our journey through history, and even a few dinosaurs. And we've added **four more hikes** this year!

Thirteen "site markers" — wooden posts with an etching plate attached — have been hidden in local parks and sites around Union County. This **Ledger** contains clues to follow as you hike to find the post at each location. See the next page to find out how to get started on your summer adventures as you **Discover the Past!**

You can also **Unearth a Story** at your local library this summer, where you'll find books to read about each site marker. You'll improve your reading and learning skills while you earn virtual badges from the library for recording your reading minutes and activities in the **Beanstack** app. Each badge earns you a reward — log three hikes to earn the **GO and Discover the Past!** badge and participation prize. You can also log all thirteen hikes for a chance to win even more prizes! Learn more about the many free library programs planned just for you at <https://unioncountylibraries.org/summerquest/>.

Good luck as you **Get Outdoors and Discover the Past!** this summer. We want you to be safe, keep moving, and most of all, have **FUN!**

Hike Difficulty Ratings

EASY - A short distance hike on fairly level ground.

MODERATE - A longer distance walk on fairly level ground, or a short distance with some hills.

HARD - A long distance walk with hills and some obstacles.

Note: Distances to all site markers were measured using a standard smart phone app. The total distances listed for each hike are roundtrip, unless specified otherwise.

HOW DO I GET STARTED?

1. Choose a Site Marker!

Look through your **Ledger** (program guide) and choose the site marker you want to find.

2. Find your Route!

Follow the driving directions on page 16 that will take you to the parking area for your site marker's hike.

3. Ready, Set, Hike!

Follow the clues on the site marker page to find the starting point and where you can find the post.

4. Remember the Code!

At the post, use a crayon or pencil to fill in the space on your rubbing sheet. Don't forget to copy the 4-digit code – you'll need it later!

5. Back to the Start!

Each hike includes directions to get back to your vehicle. Take any trash with you to keep things neat and tidy!

6. Go Online!

Use the **Beanstack** app (computer or phone) to enter your code. You can also log any reading minutes there!

7. Repeat as Needed!

Keep hiking and entering site marker codes in **Beanstack**. You can enter drawings for great prizes while you stay active this summer!

BELL

DIFFICULTY

HARD

CLUES for your hike!

1. Park in the gravel parking area near the road.
2. Stand facing the information sign. Walk toward Buffalo Creek, following the blue paint marks on the trees (called blazes).
3. When you see a wooden post with a “6” on it, turn left and go up the steps and switchbacks.
4. After the switchbacks, turn right and continue to follow the blue blazes. Stay straight at any intersections.
5. Walk under the powerlines and enjoy the view of the farm fields.
6. Keep going until you reach a sharp left turn in the trail. Look for a wooden post with the number “10” on it. The post is nearby.
7. After you find the post, stay on the trail and hike under the powerlines again.
8. When you reach the wide-open field, turn left, and stay near the blue posts. This is a great place to watch for birds.
9. At the next intersection, walk straight across the dirt road and continue to follow the blue blazes.
10. Stay straight on the trail as you head toward the Dale Engle Walker House and Milne Log Cabin, both built in the 1700s.
11. Follow the dirt and gravel road back to the parking area where you started.

REWARDS & PRIZES

GO Union! is digital — while everyone can still use the rubbing sheets and booklets, we will be tracking your progress digitally through **Beanstack**, including the drawings for one of five prizes! All **GO Union!** children who find a minimum of three different site markers from June 1 to August 8 will receive a reward for participating in the program.

More Parks = More Chances to Win

For every marker you identify and log into **Beanstack**, you earn one point. Each park post you log increases your chances of winning one of five prizes, as follows:

1-6 different site markers identified = 1 chance to win a prize
7-12 different site markers identified = 2 chances to win a prize
All 13 site markers identified = 3 chances to win a prize

Even though five prizes will be awarded, remember that all **GO Union!** children who find and submit at least three different site markers will receive a reward!

The last day to locate “site markers” is **Saturday, August 8**. All hikes must be logged no later than **Saturday, August 15** to receive the participation reward and earn entries into the prize drawing. If you need help logging hikes, please call or visit your local library and ask staff for assistance. The **Ledger** (program guide) and rubbing sheet you used to find each site marker are yours to keep and do not need to be returned.

The drawing prizes – to be determined – will be awarded near the beginning of October 2026. Winners will be contacted by phone or email to obtain their prize.

If you have any questions about **GO Union!** rewards and prizes, please e-mail us at sgladfelter4@wellspan.org or call **WellSpan Health** at (717) 851-3222.

Please note that all site marker posts will be removed after the program ends on Saturday, August 8.

***GO Union!** program planners and their immediate families may receive the participation reward for finding three site markers. However, they are ineligible for the prize drawing.*

STAY SAFE OUTDOORS

When you're outdoors, you could run into bugs, wild animals, poisonous plants, and other risks and dangers. Here are some **safety tips** to keep in mind on your adventures:

- Know the parks and places you're going to visit *before* you get there.
- Follow any park rules and respect the environment. Take trash home.
- Never hike alone, and let others know where you're going.
- Keep your valuables safe — lock them in your vehicle or take them with you.
- Protect yourself from the sun — wear a hat and use sunscreen.
- Stay hydrated — bring water along and drink even if you aren't thirsty.
- Stay alert for the weather and seek safe shelter if it gets dangerous.
- Watch your step — logs, branches, roots, and rocks can trip you up!
- Poison ivy, oak, or sumac might be near a trail or post — be careful!
- Look out for wild things — spiders, snakes, bugs, and other critters.
- Keep annoying bugs away — use bug repellent spray or other products.
- Use caution around all bodies of water — ponds, rivers, and streams.

SUMMER PEDESTRIAN SAFETY

Whether you are walking to school, the park, or a friend's house, here are a few simple tips to make sure you get there safely.

HEADS UP

Put phones, headphones and devices down and make eye contact with drivers before crossing the street.

ALWAYS

Look left, right, and left again before crossing the street and stay alert!

BE BRIGHT, BE SEEN

If you are walking when it's dark out, be especially alert and make sure you are visible to drivers. Wear light or brightly colored clothing and reflective gear.

WALKING SAFELY

It's always best to walk on sidewalks or paths and cross at street corners, using traffic signals and crosswalks. If there are no sidewalks, walk facing traffic as far to the left as possible.
